Farm Reinvestment  
Program  
2007 Grant**

**Application Deadline is last day of April**

**CONNECTICUT DEPARTMENT OF AGRICULTURE**  
**FARM REINVESTMENT GRANT PROGRAM**

Overview

***Statement of Purpose***

The intent of the Farm Reinvestment Grant Program(FRP) is to strengthen the economic viability of CT agricultural producers through a comprehensive capital fixed asset/diversification program. Grants for a farm reinvestment program will be available for the expansion of or improvements to working farms in accordance with a business plan to keep the farms ongoing for at least ten years.

The FRP provides incentive financing to stimulate **production related** capital fixed asset/diversification improvements to farms that are owned or rented throughout the State of Connecticut.

***Program Priorities***

The focus of the FRP is to provide seed money to enhance existing agricultural operations and to provide a stimulus to the local and state economies. This will be accomplished by increased building of agricultural production facilities, thus creating some construction-related jobs. Most important, the completed projects should dramatically improve the operation's cash flow which would further strengthen the economy, create new jobs, and even municipal grand list growth. This program is designed to help farmers diversify into other production areas and expand existing production facilities via capital improvements.

***Financial Description***

A \$500,000 bond authorization will be administered as a grant not to exceed a \$40,000 state match per applicant. The private matching funds can exceed 50 percent or more of the cost of the project. The private match can be either a bank loan or self-funded.

The state match will be in the form of a rebate for approved projects. The rebate applies to approved expansion or diversification of agricultural production facilities.

Generally speaking, the FRP rebate applies to the expense of materials and wages for capital fixed asset improvements and does not pertain to the cost of purchasing property or borrowing funds. The FRP can work in conjunction with projects that secure bank financing and projects that are self-financed.

Agricultural producers and property owners may work with their lenders of choice to arrange suitable financing; be it a commercial mortgage, signature loan, home equity loan, personal or business line of credit.

Alternatively, personal finances may be used to pay for the producer share of the match, which could exceed 50 percent.

The FRP rebate will be paid after the project is completed, in accordance with the approved application, contract terms have been complied with, and the project has been approved by the Commissioner of Agriculture. In the case where a financial institution is involved, the rebate will be paid directly to the lender and used to reduce loan principal. In the instances where a bank is not involved, the funds will be issued directly to the applicant upon completion and approval of the project.

### ***Eligible Applicants***

1. Agricultural **producers**, singularly or jointly, whether such producers are owners or tenants of existing agricultural production facilities located within the State of Connecticut;
2. A **Project Scope of Work** must be submitted. This is a one page action description of what exactly the project is and what exactly the grant money will be used for.
3. Applicant's operation must meet the **definition of agriculture** as codified in Connecticut General Statute Section 1-1(q);
4. Applicant must submit **Schedule F Form 1120S or Schedule C** for three years prior to date of application;
5. Applicant must provide a **business plan**, demonstrating how the agricultural production facility will remain ongoing for at least ten years and show what impact the improvements will have on his or her business via projected increased sales, additional jobs, local taxes, etc. The **business plan must follow the format prescribed in Attachment A, including a Project Budget**;
6. Applicant must provide **conceptual construction drawings**;
7. Applicant must possess a current **farmers tax exempt permit**;
8. Applicant must be responsible for **securing and complying with all necessary zoning, inland wetland, building and other permits** as required prior to receiving grant;
9. Upon completion of project, applicant must **provide an audit** by a Certified Public Accountant, a lending institution or a agricultural advisory institution.
10. Applicant must agree to **sign a contract** with the state which includes provisions for reimbursement of any funds obtained by fraud, Section 4a-60 of the General Statutes of

Connecticut;

- 11 Applicant must agree to a site inspection prior to final approval or rejection of his or her application. If the application is approved and monies are awarded, the applicant must agree to site inspections during the construction phase of the project.
- 12 The Department of Agriculture reserves the right to reject any proposals not in the best interest of the State of Connecticut.

### ***Eligible Capital fixed asset/Diversification Projects***

FRP funds and matching funds must be used for projects that are defined as capital fixed assets and have a life of ten years or more. The funds may be used for the expansion of existing agricultural production facilities, or diversification -- expansion into new production areas and site improvements related to such expansion or diversification.

### ***Ineligible Expenses***

Ineligible expenses are those not specifically stated under eligible expenses such as, but not limited to, the following:

1. Any expense incurred prior to application submittal, review and approval, and contract execution and approval;
2. Property acquisition/mortgages;
3. Mortgage refinancing;
4. Cost of borrowing (points and other fees);
5. Site plan and construction permits;
6. Wages paid to applicant or employees;
7. Furnishings, fixtures, equipment or items considered personal property;
8. Machine storage, workshops, housing, classrooms, offices, etc.;
9. Any portion of expense for which the applicant pays a contractor in merchandise or service in lieu of cash;
9. Attorneys' fees, consultants' fees;
10. Fees or costs not consistent with eligible costs;
11. Past FRP grant recipients are not eligible to receive funding;

### ***Funding Commitment***

An applicant shall have up to one year from the date of the contract is approved by the Attorney General's Office to complete the project. Failure to complete the project within one year will result in withdrawal of grant rebate.

Within 60 days of the date of funding commitment, the applicant shall provide a written progress report that documents the status of the project.

The FRP coordinator or any other agent of the Commissioner of Agriculture may make periodic visits to the project site during the construction period. Upon completion of the project, a final inspection of the project will be made. The Commissioner of Agriculture will review the project and then authorize the payment either to the applicant or the applicant's lender in the event that the matching funds are borrowed.

Information contained in the application and contract for the Farm Reinvestment Grant Program funds with certain exceptions, are available to the public upon request.
